Features
Transform your event from standardised live stream, into an experience to remember. After all, inspiration is at its best when people feel engaged and connected to the world—and people around them. That's what this is for.

**EVENT & CONFERENCE**

Large stage for streaming keynotes, speeches, or multi-speaker panels. Either live or pre-recorded

Advanced scheduling tool lets you create agendas—from single events to complex conferences

Ideal space for networking mode bringing people together in the space to meet each other, virtually

Chat with others. Individually or in a group
Showroom & Exhibition

An immersive product world. Let customers explore them themselves. Or walk them through personally in a live demo. In this space, you can even facilitating group meetings or speeches. All with just a click, swipe, tap, or video chat.

- Place products with hotspots to explore
- Video consultancy with customers
- Present to a group
- Schedule & host experts, brand panel discussions on a stage
- Place brand content like image videos, presentations, pdfs and images
Workshop & Meetingspace

The space for more intimate get-togethers. Like invitation-only meetings with key stakeholders, workshops or even VIP events like press conferences or influencer ambassador meetings. How to make people really feel connected despite being apart.

Present & exchange as a group

Whiteboard space for collaborative working, with embedded miro boards, presentations, or pdfs to explore together

Schedule & host experts, speeches, or panel discussions in the space

 Seamlessly chat with others via text, video or voice. Both individually and in a group

Integrate brand content like image videos, presentations, pdfs and images

Try our Demo
A virtual space to experience brand and product events in an engaging, truly social and more natural way. Optimized for all kinds of experiences; from virtual showrooms, to conferences and events, it’s accessible to everyone with an internet connection. No matter the device. Without the need for an app. It’s also simple and intuitive to use, whether you’re a client or a customer. This is the chance to create benchmark brand worlds. The opportunity to create something different, in a world where our online professional and social life has come to all look, and feel the same.
